I had fun playing it

-----==(QUICK INFO)==-----

★ ★ ★ ★ ★ I had massive fun playing the game, it felt great in every aspect of the game.

★ ★ ★ ★ Good game, it did many things right, you should play it.

★ ★ ★ OK game, not the best but not bad at all, you can skip it if you have better games.

★ ★ Bad game, you shouldn't play it.

★ Garbage, don't waste your time.. Rockstar Doing ROCK.....

. back in 2007 most computers couldnt run this game but now you can get a stable 10fps 10/10. Very nice game

I hope the developers work on more updates :). Simply and easy to learn.. Honesty, even though I have not even played this for an hour yet and I might just sound like a salty kid, another battle royal game was the last ♥♥♥♥ing thing we needed. Between Fortnite, PUBG, KOTK and many others the battle royal type game is getting really tiring and over used. The first Culling game was great because it wasnt all guns, guns, guns, the game consisted mainly of melee fights, strategic traps and the occasional gun. Just the whole original concept of the culling was awesome but sadly that game is now dead and instead of trying something new or similar the devs have just jumped on the battle royal band wagon, and seriously I know this game is new but put ♥♥♥♥ing Oceania servers in your games before releasing them. Should have learnt from the original. Also the whole city battle royal is♥♥♥♥♥♥ the forest, bunker island from the original was cool, parachutes are just annoying, graphics are crap and the general gameplay just feels dodgey. This review obviously doesnt mean♥♥♥♥♥♥because they're not gonna scrap a game from one bad review but maybe buy it yourself give it a crack. I'll continue to watch and perhaps play this game but for now its a no go. Have fun playing King of the Unknowns Battlegrounds

I had to go to the clinic for my wrist, I cicked so much for so long i couldn't move it anymore. It never happened before if you know what i mean. 10/10 would do again.. It is a fun cartoon based arcade game that I would request to any one that is interested in the game, to try it for your self.. Doesn't work on Windows 7 64bit.

I've tried multiple shortcuts (CTRL+SHIFT+T, SHIFT+CTRL+T), the program doesn't work after you select the video or service you want to stream.

There's no manual, only an useless webpage with a single (and wrong) shortcut.

Even giving admin privileges to the application doesn't work.

A good idea, but badly executed.. yep, hands down the best DLC pack for Rocksmith. Even though I had all these songs as custom dlc, I gladly bought this pack and couldnt be happier. Definitely some improvements over the cdlc from notes to tones. Ghost is simply fun to play. The dueling guitars tracks are both enjoyable (not many boring rhythm tracks here!) and the bass grooves are phenomenal. Hope for more ghost in the future!. The sounds are perfectly acceptable, you can turn on inspection lights on the outside of the engine, it has a bell which is rare for a european locomotive. It's a well done locomotive. 9/10. No challenge. Nice graphics. Few jumps. 15min. Would you Dev give this a yes. Series never attracted. Dev is talented but gave little for finale.. Will not connect to any matches
